

# Welcome to Maxwell School

Every Child Known. Every Child Valued. Every Child Challenged.

Choosing the right school is one of the most important decisions a family will make. At Maxwell School, we believe every child deserves an education that recognises their unique strengths, understands their individual needs, and inspires them to become confident, compassionate and successful young people.

Our small class sizes and exceptional teacher-to-student ratio mean that every child is truly known. We build meaningful relationships with our pupils, allowing us to provide personalised support while encouraging academic excellence, emotional wellbeing and personal growth.

At Maxwell School, learning goes beyond the classroom. We nurture curiosity, creativity and resilience, helping our students develop the knowledge, confidence and life skills they need to thrive in an ever-changing world.

***"Engagement comes first. When we engage with students, we can then teach them."***

Linda Barbour, BA (Hons) Ed. M.  
*Founder of Maxwell School*

# Our Mission

Our mission is to provide an enriching educational experience that prepares every student for a productive, fulfilling and meaningful future.

We are committed to creating an environment where children flourish academically, socially and emotionally while discovering and developing their individual potential. We believe that every child has unique talents and something valuable to contribute to the world.

To achieve this, we:

- Deliver personalised, differentiated teaching based on the British National Curriculum alongside the compulsory elements of the Spanish Curriculum.
- Foster a safe, happy and stimulating learning environment where every child feels valued and supported.
- Encourage curiosity, perseverance, independence and a lifelong love of learning.
- Promote strong partnerships between school and home, recognising parents as essential partners in every child's educational journey.
- Support each student's academic, emotional and social development through a collaborative, multidisciplinary approach.

## Teaching That Inspires

Every child learns differently.

History is full of remarkable thinkers who saw the world from a different perspective—people like James Clerk Maxwell, Albert Einstein, Pablo Picasso, Steve Jobs and Steven Spielberg. Their ability to think differently changed the world.

At Maxwell School, we believe that the next generation of innovators, creators and leaders is sitting in our classrooms today.

Our teaching combines high academic expectations with a flexible, creative approach that allows every learner to succeed. Lessons are multi-sensory, engaging and carefully adapted to meet individual learning styles while maintaining a challenging curriculum.

We encourage students to:

- Think critically and creatively.
- Take intellectual risks.
- Solve problems independently.
- Build confidence through success.
- Develop resilience when facing challenges.
- Discover their own strengths and talents.

Learning at Maxwell School is active, meaningful and designed to prepare pupils for the opportunities and challenges of the future.

## A Truly International Education

As a bilingual British school in Spain, Maxwell School offers children the opportunity to become confident global citizens.

Our curriculum naturally incorporates international perspectives, encouraging pupils to explore different cultures, traditions, languages, music, art and global issues from an early age.

Students learn to appreciate diversity, respect different viewpoints and develop the communication skills needed to succeed in an increasingly interconnected world.

## Personalised Learning

We know that no two children are the same.

Our classes typically consist of just **10–15 pupils**, allowing teachers to understand each learner as an individual. This personalised approach enables us to celebrate strengths, identify challenges early and adapt teaching to maximise every child's potential.

Supported by a multidisciplinary team of professionals, we ensure that every student receives the guidance and encouragement they need to flourish academically, socially and emotionally.

## A Community Where Children Thrive

Education is about much more than academic achievement.

At Maxwell School, we strive to create a warm, nurturing community where children feel safe, respected and confident to be themselves.

Our supportive environment encourages pupils to develop strong values, positive relationships and a genuine love of learning. We believe that happy children become successful learners, and successful learners become confident young adults ready to make a positive difference in the world.

Every child matters. Every achievement is celebrated.  
Every future is full of possibility.
